Conditions and requirements for submitting an MfR request including information on how direct and indirect impacts on research teams will be managed

The Grant holder will have to submit a request for DFF stating the proposed changes and describing the rationale behind the scientific alterations.

Secondly it has to be specified, how the project management and team composition will be handled including the employment status of the project employees.

Thirdly a revised budget and confirmation regarding the host being willing to administer the grant should be handed in.

Fourthly when taking a grant abroad certain administrative conditions will change as the type of administrator changes. This may include disbursement of the grant, financial statements, conditions for audit, and the maximum limit for unspent funding at the end of a financial year. The requirements will be informed upon request.

Limitations to the transfer of the grants

In all cases, DFF will consider the extent to which the project applied for will benefit Danish research. DFF will decide on, whether or not the scientific challenges of the projects will be carried out at a place with proper/relevant competences and resources.

Other relevant regulations

DFF-MOBILEX mobility grants are co-funded with the EU Commission, and hence changes concerning the grant will have to be approved by the Commission.
