

## **Terms and Conditions Money Follows Researcher – NWO (The Netherlands)**

Please see the NWO website: <http://www.nwo.nl/en/research-and-results/programmes/Money+follows+researcher>

NWO can agree with a request if the following criteria are satisfied:

1. The research project must have been running for at least one year. The remaining research period must be at least six months.
2. It must be possible to realise the research abroad according to the original project plan.
3. There must be a guarantee for the good supervision of both the personnel appointed to the project in the Netherlands and any personnel that move with the researcher or will be appointed at the foreign institution.
4. The Dutch institution involved, the foreign institution involved and the researcher make agreements about any equipment purchased and charged to the project budget.
5. The Dutch institution involved and the foreign institution involved reach an agreement about the size of the remainder of the funding.
6. Principle of reciprocity: the country where the foreign institution is located is a European country where the sister Council of NWO also participates in the MfR regulation.
